

PRESS RELEASE

infoteam HELLAS MIKE: a “Great Place to work”

Certification due to exceptional results

Bubenreuth/Thessaloniki, 25th of April, 2023

- Great Place to Work® certification for outstanding working environment
- Focus on personal and professional development of each employee
- Anonymous and representative employee survey

This year Great Place to Work® again honours companies that are good places to work in Greece. The Greek subsidiary of the infoteam Software Group, infoteam HELLAS MIKE in Thessaloniki, has been included in the Best Workplaces list. The Best Workplaces list by Great Place to Work® is the highest level of recognition of the quality of working life in a company.

In addition to an employee survey, the specialist for software services from the Greek city of Thessaloniki had to undergo a structured management survey, the so-called Great Place to Work® Culture Audit, as part of the competition. The audit examined the importance of workplace culture in the company as well as fundamental corporate values and their strategic significance.

Certification due to exceptional results

The seal recognises companies that are good to work for and highlights players like infoteam HELLAS MIKE that put employee experience at the heart of their priorities. The rating is initially based on an anonymous and representative survey of infoteam Hella MIKE employees. With a participation rate of 100%, the company achieved the outstanding score of 97% positive responses on average.

infoteam HELLAS MIKE offers its employees an ideal working environment in which people and the team are at the centre of the corporate culture. The company encourages professional and personal development and collaboration, enabling rapid competence building. The company DNA is based on the principles of respectful

interaction, sustainable client growth, continuous improvement, shared success, openness and diversity.

Dr. Alex Papadimitriou, Managing Director of infoteam Hellas MIKE, says about the award: "I'm extremely happy to announce that infoteam HELLAS has received the Great Place to Work certification! Our company's culture has always been a top priority and is something we all take great pride in. It takes a team though to sustain such a great working environment day in day out and I would therefore like to thank each and every one of my infoteam HELLAS colleagues for their positive attitude, dedication, flexibility, dependability and trustworthiness, all qualities that make our company such a fantastic place to be in."

The certification is a true testament to infoteam Hellas MIKE's commitment to putting people first and rewards the company's commitment to being an inclusive employer that promotes internal growth. The certification and the seal of approval are a recognition of the company's efforts to provide its employees with a pleasant working environment in which they can flourish.

About infoteam Software Group

infoteam Software Group has been implementing unique software solutions for their customers in the industry, infrastructure, life science and public service markets for almost 40 years. Its core business comprises the partial and total development of control and embedded software, middleware and application software – agile, modern and in line with the latest security requirements. Special areas of expertise include normatively regulated software for use in medical and laboratory equipment (IVDR, MDR, FDA, ISO 13485, IEC 62304, etc.) as well as functionally safe software at the highest safety level (IEC 61508, EN 50128, etc.). The service portfolio is well rounded as a result of many years of experience in data analysis, AI and machine learning.

infoteam Software Group employs more than 300 people and has offices and subsidiaries in Germany, the Czech Republic, Switzerland and Greece. The parent company, infoteam Software AG, is headquartered in Bubenreuth in the Bavarian metropole region Nuremberg, Germany.
